

What is the cost for metered parking ?

The cost for parking at meters varies by location and is based on the time zones that they are located in.

The hourly rate for parking, as well as the maximum time allowed at each meter, is located on a plate visible inside each meter.

Parking meters also provide 15 minutes FREE when the space selection button is pushed, which allows the user to park in the space for 15 minutes without adding any additional monies.

Can I use the NatickCard with coins at a meter?

Yes, your card can be used in combination with American quarters. Dollar bills and Canadian quarters are NOT accepted.

Introducing the NatickCard

**Town of Natick
Parking Meter
Smart Card**

TOWN OF NATICK

MASSACHUSETTS

Parking meter smart card

Insert the card this side up in the direction of arrow
The value of the card will display 4 times
When the desired time is displayed, remove the card

Treasurer/Collector's Office
13 East Central Street
Natick, MA 01760
508-647-6425**

**For additional information:
www.natickma.gov**

**Town of Natick
13 East Central Street
Natick, MA 01760**

What is the **NatickCard?**

The Town of Natick is now offering a pre-paid reprogrammable parking meter and kiosk debit card that provides a convenient and cashless way to pay for parking at meters and kiosks.

Where can I use my **NatickCard?**

The card can be used at any of the electronic parking meters and kiosks located throughout downtown Natick.

How do I purchase the **NatickCard?**

A new card can be purchased at Town Hall in the Treasurer/Collectors Office.

If my card runs out how do I place more value on my **NatickCard?**

Your card is valid until all of its value has been used. To add more value the card can only be recharged at the Parking Kiosks located in the following Municipal Parking locations:

- ◆ **Pond Street Lot**
- ◆ **South Avenue Lot**
- ◆ **Summer Street Lot**
- ◆ **Town Hall Lot**

How does the **NatickCard work?**

- Insert the card into front of the meter or kiosk with the chip side up.
- The meter or kiosk will show you the remaining balance on your card before it begins deducting.
- While the card is inserted, the meter or kiosk will automatically begin deducting value from the card in decrements of 25 cents.
- When the card has credited your meter or kiosk with your desired amount of time, or maximum limit, quickly remove your card.

Is a receipt provided when I use the **NatickCard?**

Yes, ONLY the Parking Kiosk Stations will issue you a receipt for your transactions.

What if my **NatickCard is lost, stolen or damaged?**

Unfortunately, a lost or stolen card cannot be replaced because the Town of Natick has no way of knowing the value left on the **NatickCard**, or whether it is being used by someone else. The card is like money and should be treated that way. It does not guarantee you a parking space, nor does it allow you to park longer than the maximum time allowed at a meter or kiosk.

Your **NatickCard** is very durable and can withstand considerable heat, cold and moisture. The card is also unaffected by magnetic or x-ray exposures which would exist at airport security checkpoints.

Since normal usage should not affect card no refunds will be issued if it becomes damaged and unusable.

IMPORTANT:

If you encounter any problem when using the **NatickCard** at a parking meter or kiosk, please note the number of the meter, the location of the meter (street/area) and call the Parking Enforcement Office of the Natick Police Department at **(508) 647-9510 ext 2610**.

If Meter Enforcement is unavailable by phone please use coins or relocate your vehicle to another parking spot.
